## What is Transformation Village?

TrV provides *cost free* transitional housing for up to two years for homeless women, veterans, and mothers with children while giving them hope, healing, health and a home. Residents gain life and job skills, reunite with their children, enroll in college degree and certificate programs, and so much more! Our goal is to create intentional community as we serve, replacing isolation and despair with community and hope. ABCCM and Transformation Village give help that lasts not just for a day, but for a lifetime.
